## PROFILE

Front-End Engineer with over 3 years of experience building fast, scalable, and responsive web interfaces using React.js, Next.js, and TailwindCSS. Adept at translating UI/UX designs into high-quality code, collaborating with cross-functional teams, and deploying applications in agile environments. Passionate about clean code, pixel-perfect UI, and performance optimization. Proven ability to work independently in fully remote teams across multiple countries.

## PROFESSIONAL EXPERIENCE

### Remote, Oct 2024 – Present Shamzbridge Consult Front-End Developer

- Developed and maintained responsive websites that improved SEO and increased user retention by 25%
- Created reusable UI components with React.js and styled them using TailwindCSS for scalable development
- Collaborated with designers and backend engineers to optimize user workflows and performance
- Conducted browser testing and debugging, ensuring cross-device compatibility.

### Abuja, Sep 2024 – Dec 2024 TIIDELab Initiatives Technical Support Person

- Provided real-time support to over 50+ learners during live technical training sessions
- Assisted in setting up dev environments and managed tech tools like GitHub, VS Code, and Slack
- Helped improve learner success rate through prompt troubleshooting and coaching.
